

**HOW TO ATTRACT**

*Tons of Leads*

**WITH AN AWESOME FACEBOOK BANNER**

## STEP ONE:

Here's access to the Canva designs I have created if you don't want to have to recreate your Facebook banner from scratch.

Keep in mind, I created these using my Canva Pro account that I pay \$14 a month for, so some of the graphics may cost you extra to use.

If you don't want to upgrade your free Canva account to Canva Pro, you can just change out the graphic to a free one.

Or, you can upgrade to Canva Pro and they have a free 14 day trial.

## STEP TWO:

Here is the link to Fiverr if you want to want to have one of their designers make an awesome banner for you.

## STEP THREE:

To access the designer that I used to create my first Facebook banner using a designer on Fiverr, click the image to the right. I highly recommend her.

## STEP FOUR:

Want to higher my Virtual Assistant that helps creates my amazing Youtube videos and helps with most of my graphics?

Sonic VA is the company. Daniel Meyer is the owner.
